

RESOLUTIONS PASSED BY SILVER CITY DADS

Members Want Joint Statehood and Grant County's Railroad Debt Paid.

THANKS TENDERED PRESIDENT

At a regular meeting of the city council of Silver City, held Monday night, the following resolutions regarding statehood for the territories of New Mexico and Arizona, and also looking to the payment of railroad bond indebtedness, were passed:

Be It Resolved, By the council of the town of Silver City, in the county of Grant and Territory of New Mexico:

That, Whereas, a bill is now pending in the house of representatives of the congress of the United States providing, among other things, for the admission of the territories of New Mexico and Arizona into the union as one state; and, whereas, the town of Silver City, N. M., and several of the counties of said two territories are burdened with an indebtedness, known as the railroad aid bonded indebtedness of such town and of such counties, aggregating about \$5,000,000, which has been validated by act of the congress of the United States;

Now, therefore, be it resolved by this council that said house of representatives be asked and said body is hereby asked and requested to so amend said bill that for each dollar of said railroad aid bonded indebtedness created in said town and in the counties of the territory of New Mexico, there be donated and granted to the state to be established out of said territories as provided in said bill, for the payment of said indebtedness so created in the territory of New Mexico, one acre of land to be selected in such manner as may be provided in such amendment, from the public lands of the United States lying in said territory of New Mexico and unappropriated; and for each dollar of such indebtedness created in the counties of the territory of Arizona there be donated and granted to such state, for the payment of said indebtedness so created in said territory of Arizona, one acre of the like public lands lying within the boundaries of said territory of Arizona; and should any of said lands, or any money derived from the sale thereof, remain undisposed of after the payment of said indebtedness, that the same be turned into the common schools of said state.

Be it resolved, by the council of the town of Silver City, New Mexico, in regular session assembled:

That this council hereby tender the thanks of the people of Silver City to the president of the United States for the recommendations contained in his message to the present congress, that the territories of New Mexico and Arizona be admitted into the union as one state; and we respectfully petition congress to pass the necessary legislation to that end; we ask this at the hands of the congress now in session, feeling that our cause is reasonable and right; and that, in the words of the president, "There is no justification for further delay."

Be it further resolved, that in the opinion of the members of this council our people are overwhelmingly in favor of such legislation and are entitled to the privilege of expressing their will upon the question at the polls.

It is further resolved, that a copy of these resolutions be sent to the president of the United States, the presiding officers of both houses of congress and the chairmen of the committees on territories of the senate and the house of representatives.

THE "APACHE KID"

IN THE MOGOLLONS

PROSPECTORS COMING INTO CLIFTON REPORT OF HIS MOVEMENTS.

E. U. Beauchamp, who recently returned to Clifton, Ariz., from Mogollons, where he spent many weeks hunting and prospecting, states that there is no doubt that the noted Apache Kid and his squaw and child are living in the wilds of the Mogollon mountains of New Mexico, and have been for some years past, says the El Paso News. It will be remembered that the Kid disappeared some years ago from southern Arizona and Sonora, where he committed many depredations.

It has been known for some time that there were Indians in the Mogollon, but their depredations have been confined mostly to the killing of cattle, although on one or two occasions citizens were fired on, and one man was wounded. When Mr. Beauchamp was in that section last summer two of his horses were stolen, and he was then satisfied that they were taken by Indians, as there were Indian signs all through the mountains. That he was correct in this supposition was demonstrated by more recent events. After Mr. Beauchamp left there last summer he was informed that one of his horses had been recovered, and on his recent trip he learned the particulars of its recovery. It seems that some cowboys who were back in the mountains ran onto the Kid's camp, but fortunately the Kid was not at home. Mrs. Kid and Kid Junior beat a hasty retreat, and were not pursued. In the camp was found one of Mr. Beauchamp's horses, a pair of officer's field glasses and a fine modern rifle, but no cartridges. Everything in the camp was taken and conveyed to the home ranch, and that very night the Kid and his squaw returned the call. They liberated all the horses in the corral and rode away two of the best of them.

The reason the people are so sure the Kid is in the country is because of the extraordinary large tracks he leaves. It is known that the Kid has the largest foot of any man on the reservation. The Kid could be had if the government wanted him very bad, but it would take a regiment of soldiers to get him.

TUCUMCARI TO HAVE ELECTRIC LIGHTS.

Thursday afternoon the Electric Light and Power company held a meeting for the election of officers for the ensuing year, says the Tucumcari News. A. D. Goldenburg was elected president, L. E. Taylor, secretary, and J. H. Laurie of El Paso, vice president. A bond issue of \$25,000 was ordered for the purpose of putting in an up-to-date water works system. We are informed by the president that a part of the bond issue is already placed and that it is the intention of the company to get at the matter of building the water works system immediately. This is a worthy enterprise and we hope to see it succeed.

THE LAXATIVE OF KNOWN QUALITY

There are two classes of remedies: those of known quality and which are permanently beneficial in effect, acting gently, in harmony with nature, when nature needs assistance; and another class, composed of preparations of unknown, uncertain and inferior character, acting temporarily, but injuriously, as a result of forcing the natural functions unnecessarily. One of the most exceptional of the remedies of known quality and excellence is the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., which represents the active principles of plants, known to act most beneficially, in a pleasant syrup, in which the wholesome Californian blue figs are used to contribute their rich, yet delicate, fruity flavor. It is the remedy of all remedies to sweeten and refresh and cleanse the system gently and naturally, and to assist one in overcoming constipation and the many ills resulting therefrom. Its active principles and quality are known to physicians generally, and the remedy has therefore met with their approval, as well as with the favor of many millions of well informed persons who know of their own personal knowledge and from actual experience that it is a most excellent laxative remedy. We do not claim that it will cure all manner of ills, but recommend it for what it really represents, a laxative remedy of known quality and excellence, containing nothing of an objectionable or injurious character.

There are two classes of purchasers: those who are informed as to the quality of what they buy and the reasons for the excellence of articles of exceptional merit, and who do not lack courage to go elsewhere when a dealer offers an imitation of any well known article; but, unfortunately, there are some people who do not know, and who allow themselves to be imposed upon. They cannot expect its beneficial effects if they do not get the genuine remedy.

To the credit of the druggists of the United States be it said that nearly all of them value their reputation for professional integrity and the good will of their customers too highly to offer imitations of the

Genuine--Syrup of Figs

manufactured by the California Fig Syrup Co., and in order to buy the genuine article and to get its beneficial effects, one has only to note, when purchasing, the full name of the Company--California Fig Syrup Co.--plainly printed on the front of every package. Price, 50c per bottle. One size only.
